PROFESSIONAL SUMMARY

Front-End Developer with **2+ years of experience** specializing in **Angular-based web applications**. Proven ability to build **scalable, high-performance, and responsive user interfaces** using Angular, JavaScript, HTML, CSS, and Bootstrap. Experienced in **UI/UX optimization, reusable component development, and real-time data visualization**, with a strong track record of improving application performance by **25%**. Adept at collaborating with cross-functional teams and clients to translate business requirements into effective technical solutions.

PROFESSIONAL EXPERIENCE

Srkay Consulting Group (SCIKEY), *Angular Developer (Front-End Developer)*   12/2022 – Present
- Collaborated with the **R&D team** to design, prototype, and test **UI/UX features** for core products, improving usability and overall user experience.
- Researched and implemented **front-end performance optimization techniques**, achieving a **25% improvement in application performance**.
- Developed **reusable and scalable Angular components** to support experimental and production-level project modules.
- Actively contributed ideas and technical solutions during **weekly innovation sprints**, supporting continuous product enhancement.
- Worked on **RFID system integration**, enabling **real-time data visualization and interactive dashboards** on the frontend.
- Enhanced user interfaces using **Angular, HTML, CSS, Bootstrap**, ensuring **responsive, accessible, and cross-browser-compatible designs**.
- Collaborated directly with **clients and stakeholders** to gather business requirements and translate them into effective **technical and UI solutions**.
- Participated in **client calls and technical discussions** to review feature enhancements, assess feasibility, and plan implementation timelines.

Srkay Consulting Group (SCIKEY), *Associate Trainee Developer*   07/2022 – 12/2022
- Assisted senior developers in building and maintaining **Angular-based web applications** in a real-world production environment.
- Gained hands-on experience working with **complex codebases**, understanding application architecture and component workflows.
- Supported development of **Angular components**, UI enhancements, and bug fixes to improve application stability and usability.
- Actively participated in **debugging and troubleshooting**, identifying and resolving UI and functional issues.
- Collaborated with team members during **code reviews and sprint activities**, strengthening knowledge of **Agile development practices**.
- Improved problem-solving skills by working on **performance issues, code refactoring, and feature enhancements**.
- Followed **best coding practices** and documentation standards while contributing to team deliverables.

Jemistry Info Solution LLP, *Web Developer*   01/2022 – 04/2022
- Assisted in the development, debugging, and enhancement of **web applications** using **HTML, CSS, JavaScript, and Angular**.
- Collaborated with senior developers to implement **responsive and user-friendly UI designs** following modern web standards.
- Fixed UI bugs and optimized existing features to improve **performance, usability, and cross-browser compatibility**.
- Gained hands-on experience working with **real-world client projects**, understanding requirements and implementing UI changes accordingly.
- Applied **best practices in frontend development**, including clean code structure and reusable components.
- Supported testing and deployment activities to ensure **stable and high-quality releases**.

EDUCATION

B.Tech/B.E (Information Technology),   08/2019 – 07/2022
Sarvajanik College of Engineering And Technology

Diploma (Information Technology), *Government Polytechnic For Girls*   07/2016 – 07/2019

SKILL

- Angular, JavaScript, HTML, CSS, Bootstrap
- Node.js, React, Next.js, Front-End Developer, Web Developer
- TypeScript (important for Angular), REST APIs
- Git / Version Control, Agile / Scrum
- Performance Optimization
- Unit Testing / Jasmine / Karma
